

SKC-PTI CORDLESS IMPACT WRENCHES

Brushless High Torque Battery Screwdrivers Series

SKC-PTI-250, SKC-PTI-160

External Dimensions(mm)

Torque Range:

2 - 250 Nm (0-184 ft.lbs)

Features:

- SKC-PTI Series non shut-off impact driver applies increasing torque through the internal hammer mechanism, while the trigger is held.
- High performance, Li-Ion Batteries (purchased separately).
- LED indicator warns operator of low battery capacity - the red LED will flash when 20% capacity remains and light continuously at 10%.
- Front facing LED light illuminates fastening area when the trigger is pulled.
- Hi/Mid/Lo Speed Selection switch on screwdriver.
- To conserve battery life, the screwdriver goes into sleep mode when idle for more than 3 seconds.
- Charging Station (purchased separately) provides quick recharge time.

Specifications

Model	SKC-PTI-250	SKC-PTI-160
Input Voltage	18V	
Free Speed (r.p.m) ±10%	0-2300	0-2100
B.P.M.	0-3800	0-2800
Torque (N.m)(ft.lb)	0-250Nm / 184 ft.lb	0-160Nm / 118 ft.lb
Impact Modes	Hi	0-250Nm / 184 ft.lb
	MID	0-160Nm / 118 ft.lb
	LO	0-100Nm / 74 ft.lb
Weight(kg)(lbs)	1.1kg / 2.4lbs (without battery)	
Size(mm)(in)	188 x 181(mm) / 7.4 x 7.1(in) (LxH without battery)	
Applicable Battery	SKC-LB1840/SKC-LB1820	
Applicable Charge Station	SKC-P120W/SKC-P80W	
Drive size (Select Appropriate Suffix)
